

Chapter 1

This is the first chapter of the test document.
It exists so litepdf has visible page content
to render during outline-pane UX verification.

Section 1.1

A nested section, child of Chapter 1.

Clicking 'Section 1.1' in the outline pane
should navigate to this page (page index 1).

Chapter 2

Second top-level chapter, sibling of Chapter 1.
Verifies sibling depth handling in OutlinePane
depth_stack algorithm.
